REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The feature of the first molding composition introduced into the open housing and filling the first space between the inner bottom surface and the first face of the windings facing the inner bottom surface, the second molding composition applied to a surface of the cover with a thickness so as to fill the second space between the surface of the cover and the second face of the windings facing the cover, and the at least one gas flow path formed between the first molding composition and the second molding composition in the interior of the housing, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
